

North Dakota Angus University Feed-Out Program - June 2025

Do you use Angus sires in your operation?

Would you like to know
how your calves perform
and grade when fed to a
finish weight?

Are you interested in the
potential profitability
available through
retained ownership?

The North Dakota Angus Association in partnership with the NDSU Carrington Research Extension Center announce the 14th Annual North Dakota Angus University Feed-Out Program

The Carrington REC is currently accepting consignments
of 800-1100 lb. steers for June 2-6 delivery.

Participants in NDAU will receive periodic reports on calf
performance as well as a final report on the overall perfor-
mance, efficiency, and carcass traits for their calves. **NDAU**
sponsors will offer \$1,500 in prizes to the top
individual carcasses and groups.
